

VOTERIDERS

2025 Partner Toolkit

WELCOME

VoteRiders is the nation's leading organization focused on voter ID education, advocacy, and assistance — providing free help to anyone who needs an ID to cast a ballot.

VoteRiders was founded in response to the growing number voter ID laws across the country. Our goal is to share clear information and offer direct help to all voters in the face of these confusing and restrictive new rules.

Since 2012, VoteRiders has worked with tens of thousands of voters one-on-one to make sure they have an ID, and helped millions more confirm what they need to vote with confidence.

This toolkit gives an overview of how VoteRiders can help voters access trusted ID information and individualized help. It also gives insight into how YOU and your organization can partner with us.

Our FREE ID-focused tools and services help partner organizations address voter ID issues in whatever way makes the most sense for them and the communities they serve.

Direct Voter Outreach

Whether you're knocking doors, making calls, or sending texts — it's easy to add voter ID to the outreach you are already doing! The VoteRiders staff can review your voter contact scripts, pledge cards, and other outreach materials to help insert simple and effective voter ID language.

How to add voter ID to your outreach efforts

Adding something along the lines of **“Do you have a current driver's license or state ID?”** to your scripts.

Individuals who answer **“No”** or **“Unsure”** will reveal a targeted list of potential voters who could benefit from further ID information and support.

Share that information with us, and our trained volunteers will reach out to each person to help them get what they need.

Partner organizations who directly contact voters (including in-person and digital organizing work) often send us lists of voters that they have identified as needing voter ID assistance.

VoteRiders follows up with these voters to address any ID questions or assistance needs. This includes guiding them through (and paying for) the process of applying for and obtaining the ID and underlying documents they need to vote where they live. We keep partners updated on the results of our outreach efforts to any voters they have referred while ensuring the utmost data privacy and security.

Volunteer Events

Team up with VoteRiders to co-host a volunteer event! These fun and productive events bring together thousands of volunteers from across the country to deliver voter ID information and assistance directly to voters who need it.
